Frequently asked questions

Some common questions we get asked, see the next page for next steps.

Do I own the website?

Yes, you own the website and can cancel service anytime. If you cancel, and would like us to set up the site on your own hosting there is a one-time fee of \$79.

Can I make changes to the website?

Yes, anytime you need any content updated on the website we do it for you. Additional pages outside the original sitemap cost \$129 flat-rate per page.

Do you limit design revisions?

No, we will make as many design changes needed during the initial design process. Additionally, we do not charge extra for design revisions.

Do you use website templates?

No, we custom design and build professional websites. All our websites are built on the Wordpress platform and use the latest software and technology.

How long does it take?

On average 4 to 6 weeks but the timeline depends on you. If you get back to us timely it can go quicker, or take longer if you are slow to respond to requests.

How do you determine the page count?

Page counts are based off the sitemap and does not include content variations. If you have a portfolio with 100 projects in it that is still just one page.

What's next?

If you haven't already, schedule a consultation with our team to get started.
